

**Agenda**  
**1 February 2018**

- 17.00-17.30 Registration and mingle over refreshments
- 17.30-17.40 Event kick-off
- 17.40-18.00 **Session 1: Digital Transformation: sense-making and effects – Peter Myhrström (SSE Executive Education)**  
How can companies get the most effect out of their Digital Transformation journey? Should we focus on the “Digital” or the “Transformation” part of that journey, and why so? How do we go from hype to practice? These are some of the questions that we will deal with during the Digital Transformation talk.
- 18.00-18.20 Mingle
- 18.20-18.40 **Session 2: Cyber Security: Where we are – Dr Aarthi Krishna (BT)**  
Cyber security has now become a board item and managing cyber risks has gained relevance with the senior leadership teams. A well-structured and thought over approach is required to ensure that the necessary technical defences along with the right processes and knowledge is available to counter cyber-attacks. This talk will outline why running such a program is getting increasingly challenging for large global organisations. It will outline some of the trends BT Security sees with its customers and where the current thinking in cyber security lies.
- 18.40-20.00 Mingle
